VEGACON[®] 70

Soy Protein Concentrate – standard quality

VEGACON[®] 70 is made from GMO-free soy flake defatted using alcohol. It contains about 70% protein on dry matter and retains most of the fibre of the original soybean. VEGACON[®] 70 is used in a variety of food products, mainly in baked foods, breakfast cereals, vegetarian foods and some meat products to improve nutritional values.

Storage and shelf life

In the original packaging and unopened, VEGACON[®] 70 has a shelf life of 18 months when stored at a temperature of below 25 °C and a relative humidity of max. 60%.

Applicable regulations

VEGACON[®] 70 is a foodstuff. National laws and regulations must be observed.

VEGACON[®] 70 should be labelled as soy protein concentrate.

Packaging

Multi-ply paper sacks with a poly inner lining of 25 kg net on pallets of 750 kg, shrink wrapped.
